1.1.2 Words in the singular include the plural meaning and words in the plural meaning include the singular meaning; use of any gender includes the other genders.

### 2. ACCEPTANCE OF TERMS AND CONDITIONS

2.1 The Customer agrees to be bound by these T&Cs on opening an Account, and on each placement of an Order. It is the Customer's responsibility to remain familiar with all T&Cs at all times.

2.2 Current T&Cs may be viewed on the [www.technix.com](http://www.technix.com) website.

2.3 No terms and conditions or forms issued by the Customer shall in any way apply to compete with or bind TBTL in relation to the supply of Product to the Customer. These T&Cs represent the sole and exclusive terms which apply to the supply of Product.

### 3. QUOTATION

3.1 The Price contained in any Quotation to the Customer is valid for a period of thirty (30) days from the date on which it was given unless it is withdrawn by TBTL before its acceptance.

3.2 An open Quotation may only be accepted by the Customer in writing (including by email) at which point an Order is established. TBTL is not obliged to supply any Product until a completed Order is held by TBTL.

### 4. PRICE

4.1 TBTL reserves the right, without notice, to change or withdraw any Quotation for the supply of Product prior to its acceptance.

4.2 TBTL may at any time prior to an Order being confirmed adjust any supplied Price for Product without notice.

### 5. GOODS AND SERVICES TAX

5.1 All Prices are in NZ\$ and exclusive of Goods and Services Tax (GST), unless otherwise stated.

5.2 If GST and, or any other taxes, levies or charges are payable on the supply of Product, TBTL will invoice and the Customer must pay all GST and any other taxes, levies or charges at the same time as the Price.

### 6. PAYMENT

6.1 For Customers who hold an approved account in good standing with TBTL the amount of any TBTL Invoice and any other amount owed by the Customer, is to be paid by direct electronic transfer into TBTL's Bank Account by way of cleared funds, without any set-off or deduction on or before the last working day of the month following the month of supply of the Product.

For Customers who do not hold an approved account in good standing with TBTL, TBTL will issue a Sales Confirmation (Pro-forma Invoice) on confirmation of an Order and the Customer must ensure full payment by direct electronic transfer into TBTL's Bank Account by way of cleared funds, without any set-off or deduction before the Delivery Date for the Order. For clarity a Customer without an approved account in good standing, will not be able to take delivery of Product without having first made payment of the Sales Confirmation (Pro-forma Invoice). On completion of delivery of Product to a Customer who holds a Sales Confirmation (Pro-forma Invoice), SIL shall advise the exact quantity of Product delivered and issue an Invoice for such exact quantity with the Customer to promptly pay any shortfall owing (where the quantity of Product delivered exceeded the quantity provided for in the Order) or TBTL shall promptly pay to the Customer any refund due to the extent that the quantity of Product delivered was less than the quantity provided for in the Order.

7.1 Ownership of Product transfers to the Customer when TBTL is satisfied the Invoice for the Product has been paid in full by the Customer into TBTL's Bank Account and transfer of risk in the Product to the Customer has taken place as set out in clause 8. A transfer of ownership may not happen in part only, so that ownership of a shipment of Product only transfers to the Customer on the Customer completing payment in full for the whole shipment giving rise to the Invoice.

### 8. RISK

8.1 All of the risk (but not necessarily the ownership) in Product transfers to the Customer:

8.1.1 If delivery takes place using TBTL's 20 foot High Cube Bulk Container(s), and where transport is arranged by TBTL, then at the point at which such Container(s) are either offloaded in New Zealand at the delivery point nominated by the Customer and recorded in the Quotation, or otherwise at the point at which the Product passes the exit valve

of such Container(s) at the delivery point as it is pumped into the Customer's bulk storage tanks or bitumen sprayers or bulk bitumen tankers at the delivery point.; or

- 8.1.2 If delivery takes place using a bitumen sprayer or bulk transport tanker nominated by the Customer, or using TBTL's 20 foot High Cube Bulk Container(s), but where transport is arranged by the Customer, then in each case at the point at which the Product leaves TBTL's Load Out Arm at TBTL's Facility to either enter the bitumen sprayer or bulk transport tanker or to enter the 20 foot High Cube Bulk Container on the transporter arranged by the Customer.

8.2 From the point at which risk transfers as above, the Customer assumes full responsibility and liability for the Product.

9.5.4 the ownership or control of the Customer's business has changed in any material manner or the nature of the Customer's business is materially altered.

## 10. DELIVERY OF PRODUCT

10.1 A Quotation will specify both a delivery point and delivery Container agreed by TBTL with the Customer. If no specified delivery point is nominated or recorded in a Quotation then the

delivery point will be at the Facility. If no delivery Container is nominated or recorded then supply will take place in TBTL's 20 foot High Cube Containers and the cost of use for such Containers will be payable by the Customer in addition to the Price.

10.2 The Customer will do everything necessary to be ready and equipped to take delivery of the Product when notified by TBTL and without limiting this obligation will ensure competent road transport is organised to be present on time to accept delivery of the Product in the specified Containers where occurring at the Facility. Without limiting the extent of this obligation, the Customer is responsible to ensure any Container presented at the Facility to receive Product is accurately measured on site by dip stick or electronic means before loading in order to confirm capacity of the Container to receive the Product

10.3 The quantity of Product in kilograms will be measured using the Facility's calibrated mass flow meter closest to the Load-Out Arm and in the absence of any manifest error to be resolved under clause 11 will be considered final and binding.

10.9 The Customer fully indemnifies TBTL for all loss or damage to the Facility caused by the Customer and its personnel including nominated contractors, while on site at the Facility for any reason.

10.10 Without limiting the rights of TBTL on a Customer default if the Customer fails to take delivery of Product ordered by the Customer or fails in any way to complete delivery or to frustrate delivery taking place, TBTL may nonetheless notify the Customer that it was ready willing and able to complete delivery and invoice the Customer as if delivery had occurred with payment of such invoice due as set out above on the basis that delivery did take place even though it has not. The Customer will indemnify TBTL for all costs, losses and expenses incurred by TBTL in dealing with the Customer's failure to complete delivery. If the Customer has not remedied the failure to complete delivery within 7 days of the failure occurring, TBTL is authorised to sell the Product to third parties and will not be liable to the Customer for any subsequent inability to supply to the Customer and the Customer is further liable to indemnify TBTL for all costs, losses and expenses sustained by TBTL in doing so.

Percent (0.5%) between the quantity of the Product on the Invoice and the quantity of the Product supplied, the Customer must notify TBTL in writing of this claim within 4 hours of the delivery of the Product taking place. TBTL will investigate and if satisfied in its reasonable opinion that a discrepancy of greater than zero point five percent (0.5%) has occurred will adjust the invoice issued on

a pro-rata basis to compensate the Customer for Product not supplied over and above the zero point five percent (0.5%) discrepancy. Any claimed discrepancy notified later than 4 hours following delivery will not be accepted or investigated.
